Careers Education, Information, Advice and Guidance (CEIAG)

Introduction and Rationale for CEIAG

Careers Education, Information, Advice and Guidance (CEIAG) is a critical part of the support we offer to students at Vanguard School (VS). We know that good careers education and advice has a significant role in preparing and enabling our young people to lead successful, fulfilling lives, as well as making a successful transition into adulthood and the world of work. As options for young people become more varied and complex, it is vital that we support students to develop the knowledge and skills they need to make informed choices for their future. As a result, the careers education programme takes a whole-school approach by complementing the rest of the school curriculum but also involving parents, carers, teachers, external careers guidance providers, employers and other agencies. This policy covers CEIAG given to all students in Year 7 – 13, in line with the DfE guidance provided for careers guidance.

The Careers Education Programme is designed to meet the needs of students at VS. Activities are differentiated and personalised to ensure progression in career learning and development, and to strengthen students’ motivation, aspirations and attainment. All students are entitled to a core CEIAG programme with meets professional standards of practice, which is delivered by internally-trained staff and approved external providers, which is impartial and confident. The programme will seek to raise aspirations, to challenge stereotyping and to promote equality and diversity.

Commitment

Vanguard School is committed to providing structured learning experiences for work-related learning and supporting all students with independent careers advice and guidance in accordance to the SEND Gatsby Benchmarks (see Appendix 1) and intends to fulfil any statutory obligations. The Careers Education Programme aims to:

- Provide opportunities across the curriculum to develop transferrable life and social skills
- Prepare students for opportunities, responsibilities and experiences of life after secondary education and/or their preferred transitional pathway
- Empowering students to develop their self-advocacy and decision-making skills
- Encourage the active involvement of students in decisions that affect their future, both individually and collectively – in partnership with parents/carers and external careers services
- Supporting students to achieve their full potential
- Personalised comprehensive guidance and advice with a range of supporting accessible information (in various formats: printed, online and/or in person via careers advisor)
- Promoting equality, diversity, social mobility and challenging stereotypes through purposeful interactions with a range of trusted and/or familiar adults, as well as employers
- We aim to foster a culture of success through:
- Placing our students at the heart of our community
• Developing resilient and resourceful students
• Adapting and applying skills for flexible life-long learners
• Promoting an awareness of a rapidly changing global environment

We are fully committed to our statutory obligation to provide a holistic careers service to all students at VS, highlighting the vocational and academic routes to their preferred career pathways. Furthermore, we aim to reduce the number of 13- to 18-year olds who are not in education, employment or training (NEETs) by ensuring this strategy is embedded in our practice across the school.

We work closely with the local authority due to the vulnerable nature of our students who all have a diagnosis of Autism (and other special educational needs and disabilities) with Education, Health and Care (EHC) plans in place to ensure we know of all services available to support students, to access this information and share this knowledge within the community. With the supporting information provided from each student’s EHC plans and/or annual review and transition meetings, we are able to adopt a person-centred approach in our delivery method to ensure CEIAG is personalised for each student and aligned with the preferred future pathway. We all strongly believe that for many of our students, they will be able to sustain paid employment, access post-16 education and/or training with the right support and preparation.
Government guidance in relation to CEIAG at Vanguard School

Statutory DfE/government guidance provided has been used to support the development, implementation and evaluative reviews of our Careers Education Strategy and main points have been summarised:

− ‘Careers Guidance and Access for Education and Training Providers’ – October 2018
− ‘Careers Strategy: Making the most of everyone’s skills and talents’ – December 2017
− ‘Destinations data: Good practice guide for schools’ – October 2018

• All institutions providing secondary education should use the Gatsby Charitable Foundation’s Benchmarks to develop and improve their careers provision. Vanguard School accepts the SEND Gatsby Benchmarks as set out in the DfE guidance (A summary of the Gatsby Benchmarks can be seen in Appendix 1 of this policy)

• Compass, an online self-evaluation tool, is used to assess how the careers support compares against the Gatsby Benchmarks and the national average. Schools should baseline themselves using this tool, consider the opportunities to improve their careers programme based on their confidential results, feedback from students, teachers and parents, and track their progress against the Benchmarks over time

• Every school should have a nominated Careers Leader, “who has the energy and commitment, and backing from their senior leadership team, to deliver the careers programme across all eight Gatsby Benchmarks”.

• The way in which careers guidance will continue to be consider during Ofsted inspections is set out in Ofsted’s Common Inspection framework and School Inspection Handbook. Destination measures at ages 16 and 18 will continue to provide clear and comparable information on the success of schools in helping all of their students take qualifications that offer them the best opportunity to continue in education or training

• Section 2 of the Technical and Further Education Act 2017 (inserted a new section 42B into the Education Act 1997) – schools are required to give education and training providers the opportunity to talk directly to students in Years 8-13 about approved technical education qualifications and apprenticeships that they may offer. This is intended to ensure that young people hear consistently about their merits of alternatives to academic and school-based routes and are aware of all routes to high skills and into the work place.

• Secondary schools should offer every student at least seven meaningful employer encounters during their education – taking place each year from years 7-13. These encounters will ensure students get a chance to engage with a range of employers, build their broader understanding of the workplace and employment but also provide employer experiences in line with the Gatsby Benchmark criteria.
Curriculum and Personal Provision

It is intended that the VS Careers Education programme meets the Gatsby Benchmarks and to work towards quality approval thresholds. There is a planned programme of learning experiences from Years 7 to 13, which is intended to enable young people to:

• Develop themselves through career and work-related education;
• Learn about careers and the world of work
• Develop career management and employability skills
• Make informed career decisions
• Experience ‘employer encounters’

In addition, all staff contribute to Careers Education through their roles and tutors, subject teachers and support staff. Specialist sessions and/or guidance are delivered by the Careers Education team – in conjunction with external providers as appropriate. Careers information is available in the Careers Resource Centre (in the library) which is maintained by the Careers Education Lead.

The curriculum is built on career learning outcomes (which have been identified and highlighted in Appendix 2) and meeting the Gatsby Benchmarks to ensure high-quality careers education provision is provided to all our students. By the end of each Key Stage, all students should be able to demonstrate and/or meet the learning outcomes of their careers education through individual and/or group sessions.

Elements of the above will require access to individual information advice and guidance through:

• Inputs from internal staff, external visitors and mentors, the Vanguard School Annual Careers Fair, ‘drop in’ sessions by employers and training providers, and inputs to address gender bias
• The contracting of an external, qualified, independent careers adviser – allowing development of career action plans to aid students in their career planning and decisions
• Planned inputs delivered by tutors during registration periods and scheduled careers group sessions
• Use of external sources such as websites and other resources available through subscriptions to careers-related software, the National Careers Service, the National Apprenticeship Service, UCAS and other providers
• Full-time Careers Education Lead
• Access to careers resources in the Careers Resources Centre (in the library)
• Planned visits to organisations providing progression opportunities
• Displays around schools
• Information from transition meetings, annual reviews and discussions with individual students’ local authorities

We will secure additional access to face-to-face external specialist careers guidance as stated in the Education Act 2011 for our students as defined by the school’s governing body. We work with Lambeth Council to further support our careers education programme.
The Careers Education curriculum plan is detailed below:

</table>

* - Personal Guidance (BM8) will be provided to students throughout the academic year

AL – Area of Learning – see Appendix 2.
**Progression**

Personal guidance on progression opportunities is available for students and their parents at key progression points, specifically:

- **Year 9 GCSE options** – student options meetings; parents’ options information evening with attendance by our Careers Education Leader; options booklets; input in lessons; PDLS; consistent and personalised structured support for all students
- **Year 11** – assemblies and meetings on post-16 options; individual guidance interviews with independent Careers Adviser; open day information for local educational establishments; form tutor support; relevant information and support to parents/carers on opportunities via email/phone/post/website; displays and external inputs on apprenticeships; tracking intended destination data; ‘results day’ input
- **Year 13** – university visits; external provider ‘skills’ workshops on CVs and interviews for all students; bespoke guidance from Sixth Form team and external providers on ‘early applications’ to Oxbridge, medical school etc.; access to our independent Careers Adviser.

**Provider Access and Partnerships**

The Provider Access Policy sets out the school’s arrangement for managing the access of providers to pupils at Vanguard School for the purpose of giving them information about the provider’s education or training offer. This complies with the school’s legal obligations under Section 42B of the Education Act 1997. The policy recognises the range of partners that support the CEIAG offered within the school. These include:

- Formal arrangements with our external provider of careers guidance and others
- Liaison with post-16 providers and higher education institutions
- Providers of external CEIAG inputs, such as the National Careers Service, Inspiring the Future and students’ local authorities
- Employers and training providers
- Parents and carers

All pupils in years 7-13 are entitled to:

- find out about technical education qualifications and apprenticeship opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- hear from a range of local providers about the opportunities they offer, including technical education and apprenticeship – through options events, assemblies and group discussions and taster events;
- understand how to make applications for the full range of academic and technical courses
The Provider Access Policy (separate document on school website) signposts how education and training providers should get in touch with the school to gain access to pupils and/or parents to inform them about further opportunities. The school will work with providers in order to identify the most effective opportunities for them to share information and education and training opportunities.

**Monitoring, Evaluation and Review**

The headteacher will ensure that the work of the Careers Leader and CEIAG events are supported and monitored. The appointed Careers Leader (backed by the Senior Leadership Team) is to report regularly and ensure SLT have an overview of CEIAG work. The effectiveness of this policy will be measured in a variety of ways:

- Feedback from students (and/or parents) after every CEIAG event or session/activity.
- Feedback from external visitors to the school, such as the School Improvement Partner (SIP) or Ofsted.
- The number of students who are NEET in October having left school in the previous summer – this figure can be compared to national figures as well as the equivalent figure from similar schools both nationally and within London.

To ensure that this policy is effective and implementing feedback provided by all stakeholders, the Governing Body of Vanguard School will review this policy every three years.

**Approval and review**

This document has been reviewed and approved by SLT, the Careers Education Lead and the Local Governing Body.

**Reviewed: 18 /11/2020**

**Next review date: November 2021**
### Appendix 1: The Gatsby Benchmarks

<table>
<thead>
<tr>
<th>Benchmarks</th>
<th>Summary</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. A stable careers programme</td>
<td>Every school and college should have an embedded programme of career education and guidance that is known and understood by students, parents, teachers, governors and employers.</td>
</tr>
<tr>
<td>2. Learning from career and labour market information</td>
<td>Every student, and their parents, should have access to good quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information.</td>
</tr>
<tr>
<td>3. Addressing the needs of each student</td>
<td>Students have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each student. A school’s careers programme should embed quality and diversity considerations throughout.</td>
</tr>
<tr>
<td>4. Linking curriculum learning to careers</td>
<td>All teachers should link curriculum learning with careers. STEM subject teachers should highlight the relevance of STEM subjects for a wide range of future career paths.</td>
</tr>
<tr>
<td>5. Encounters with employers and employees</td>
<td>Every student should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.</td>
</tr>
<tr>
<td>6. Experience of workplaces</td>
<td>Every student should have first-hand experiences of the workplace through work visits, work shadowing and/or work experience to help their exploration of career opportunities, and expand their networks.</td>
</tr>
<tr>
<td>7. Encounters with further and higher education</td>
<td>All students should understand the full range of learning opportunities available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.</td>
</tr>
<tr>
<td>8. Personal guidance</td>
<td>Every student should have opportunities for guidance interviews with a careers adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made.</td>
</tr>

Careers Strategy
November 2020 (V1.0)
## Appendix 2: Career Learning Outcomes for each Key Stage

The Career Learning Outcomes are based from the CDI Careers Framework (‘Framework for Careers, Employability and Enterprise Education’, January 2020). The framework presents end of key stage learning outcome statements for students across 17 important areas of careers, employability and enterprise education.

<table>
<thead>
<tr>

<th>16-19 Learning Outcomes</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Developing yourself through careers, employability, and enterprise education</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>1. Self-awareness</td>
<td>Describing yourself, your strengths and preferences</td>
<td>Recognise how you are changing, what you have to offer and what is important to you</td>
<td>Assess how you are changing and be able to match your skills, interests and values to requirements and opportunities in learning work</td>
</tr>
<tr>
<td>2. Self-determination</td>
<td>Able to focus on the positive aspects of your wellbeing, progress and achievements</td>
<td>Explain how you manage your wellbeing, progress and achievements through telling your story in a positive way</td>
<td>Reflect on positive elements in your career story to show the responsibility you are taking for managing your own wellbeing, progress and achievement</td>
</tr>
<tr>
<td>3. Self-improvement</td>
<td>Explain how you are benefitting as a learner from careers, employability and enterprise activities and experiences</td>
<td>Review and reflect upon how you are benefitting as a learner from careers, employability and enterprise activities and experiences</td>
<td>Show you are proactive in taking part and learning from Careers Education experiences/activities</td>
</tr>
<tr>
<td><strong>Learning about Careers and the World of Work</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>4. Exploring careers and career development</td>
<td>Describe different explanations of what careers are and how they can be developed</td>
<td>Discuss the skills involved in managing your own career</td>
<td>Reflect on changing career processes and structures and their possible effects on your experience and management of your own career development</td>
</tr>
<tr>
<td>5. Investigating work and working life</td>
<td>Give examples of different kinds of work and why people’s satisfaction with their working lives can change</td>
<td>Explain how work and working life is changing and how this may impact on your own and other people’s career satisfaction</td>
<td>Discuss the personal, social, economic and environmental impacts of different kinds of work and working life in the context of your own thinking about career satisfaction</td>
</tr>
<tr>
<td>6. Understanding business and industry</td>
<td>Give examples of different business organisational structure</td>
<td>Explain different types business organisational structures, how they operate and how they measure success</td>
<td>Explain main reasons why business organisations change their structures</td>
</tr>
</tbody>
</table>
### 7. Investigating jobs and the LMI
- Aware of what LMI is and how it can be useful to you
- Able to find relevant LMI and know how to use it in your career planning
- Able to draw conclusions from researching and evaluating relevant LMI to support your future plans

### 8. Valuing equality, diversity and inclusion
- Identify how to stand up to stereotyping and discrimination that is damaging to you and others around you
- Recognise and challenge stereotyping, discrimination and other barriers to equality, diversity and inclusion. Know your rights and responsibilities in relation to these issues
- Reflect critically on the ethical, legal and business case for equality, diversity and inclusion in the workplace and the implications for yours and others’ behaviours

### 9. Learning about safe working practices and environments
- Aware of the laws and by-laws relating to young people’s permitted hours and types of employment; know how to minimise health and safety risks to you and those around
- Aware of your responsibilities and rights as a student/trainee/employee for staying healthy and following safe working practice
- Recognise different risk levels and understand your responsibilities and rights as a student/trainee/employee for staying healthy and following safe working practice

### Developing your career management and employability skills

<table>
<thead>
<tr>
